EMISSION TRADING

CORPORATE STATEMENT

“Emission Trading has been providing Design and Implementation of ELV and Security Solutions since year 2008 in the Emirate of Dubai; we started operations in the Emirate of Abu Dhabi in the year 2013.

We are fully committed to serve our clients with a quality experience preserved in professional behavior and respect for people, with confidence, honesty and reliability in every aspect of our business.

Today, as our business grows to shape new horizon for both our people and the communities which we serve, we remain committed to our philosophy of delivering turnkey solutions which not only comply with the highest international standards but also empower us in developing mutually beneficial partnership with our customers, investing in human capital, and maintaining our stance as good corporate citizens.

As an existing or potential customer, your unstinted support is highly valued as we continue to grow and participate in the development of the IT / ELV Industry.

Al Mothana Sibai
Managing Partner

EMISSION TRADING

CCTV SYSTEMS

Offering our clients, a wide range of analogue and IP CCTV systems. Emission Trading is certified and approved by MCC as a supplier and installer of CCTV - the certification applies to all our business across the Abu Dhabi market as well as many consultant & engineering office certifications allows Emission Trading to implement CCTV system within the UAE. Our security specialists can assist in designing an entire surveillance system, providing a complete end-to-end video surveillance solution through advanced technology, innovative compression standard based storage/ recording solutions which offers our clients full confidence that projects will run smooth, with optimal performance.

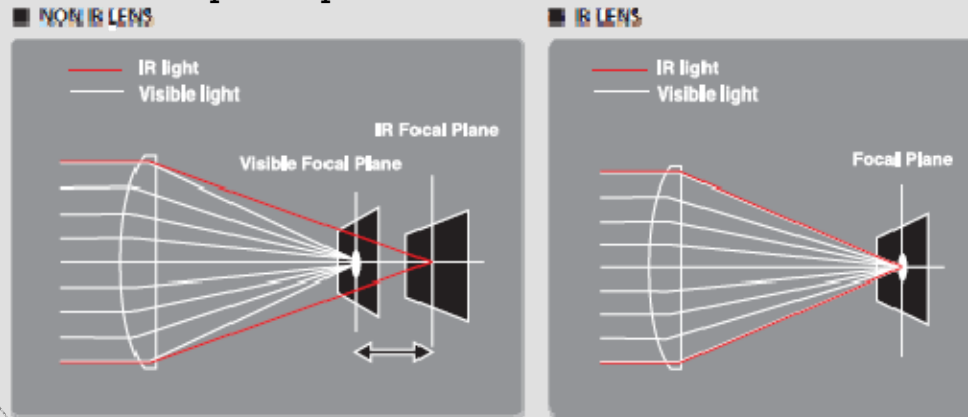

EMISSION TRADING

COMPUTAR LENSES (BY CBC)

The World Standard for Industrial Lenses.

At CBC, we have set the world standard for industrial lenses through the design, manufacture and global sales of the Computar® brand. Since the very beginning of the video security market, we have established a strong worldwide distribution network. As a pioneer in CCTV lenses, CBC and the Computar® brand have grown along with the demands of the world market.

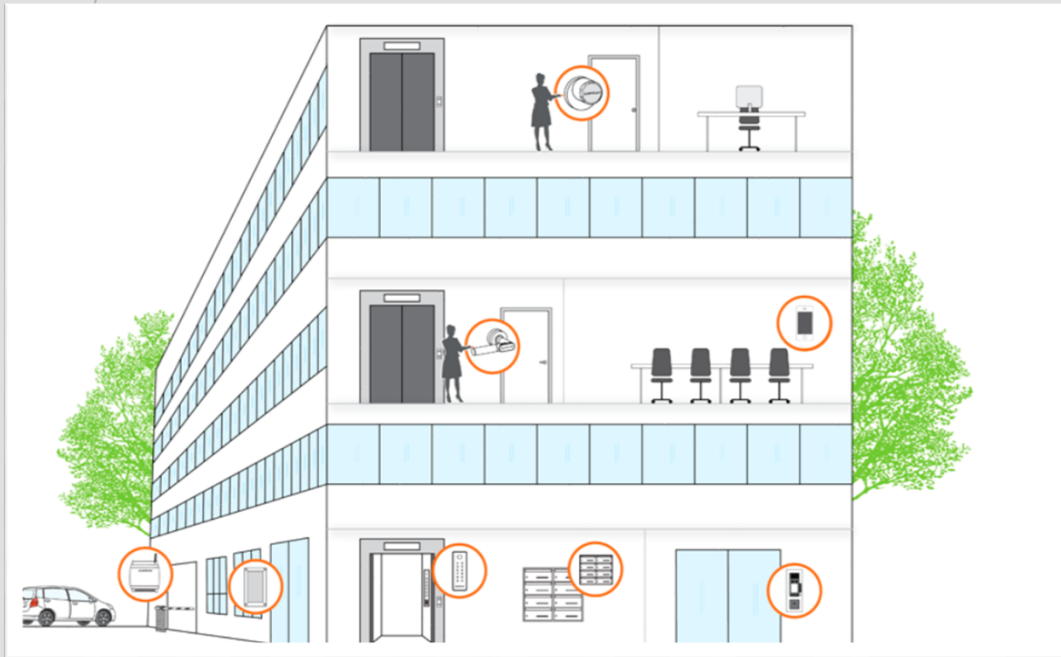

Computar® lenses were introduced in the U.S.A. during the mid 1970s and have continued to meet security challenges globally for more than 40 years. Today, we lead the industry in Japan, Europe, Asia and markets all over the world. We offer a comprehensive lineup of high-quality products with excellent cost performance. Our designs utilize leading-edge technology, enabling us to achieve the highest quality while also ramping up production in our factories in Japan and abroad. We are proud to have an established worldwide sales network, built on the excellence of our Computar® products

EMISSION TRADING

ACCESS CONTROL & TIME ATTENDANCE SYSTEMS

Security of a building is of major importance all over the world and access control can provide establishments with full control over where and when staff, visitors or vehicles can move permanently. Emission Trading provides advanced access control systems where programmed cards are controlled from a central location that produces reports of personnel movement at all times. Our Access Control Systems also include time attendance comprising biometric finger print systems that were previously installed in establishments across the UAE.

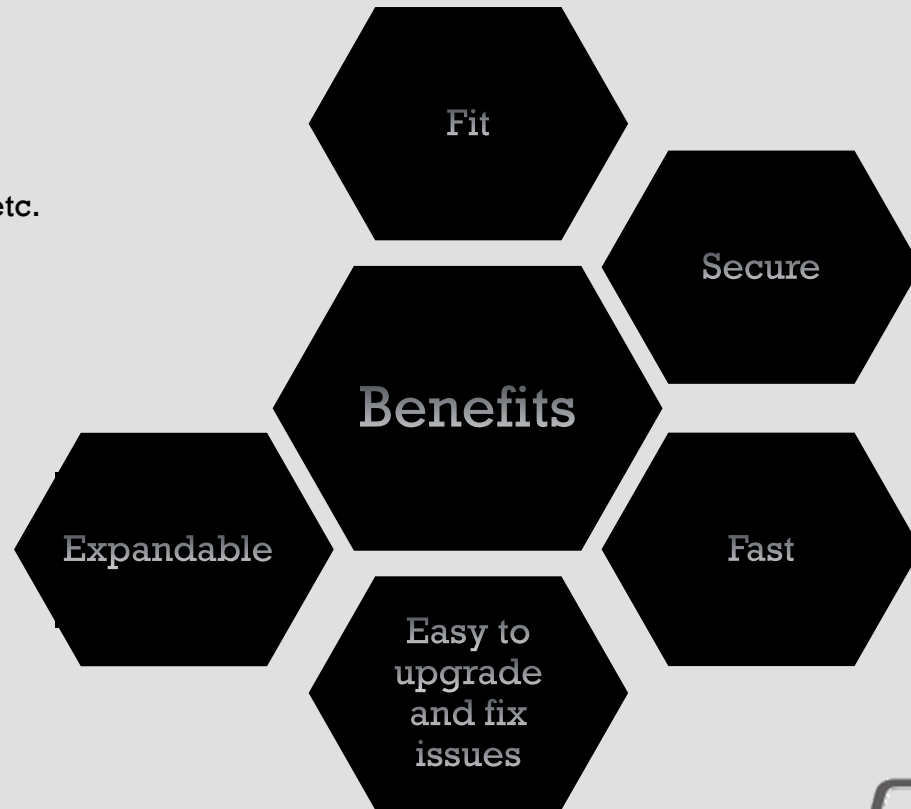

EMISSION TRADING

PRIMA ACCESS CONTROL SYSTEM

Emission is the exclusive distributor of Prima Access Control System in Middle East region.

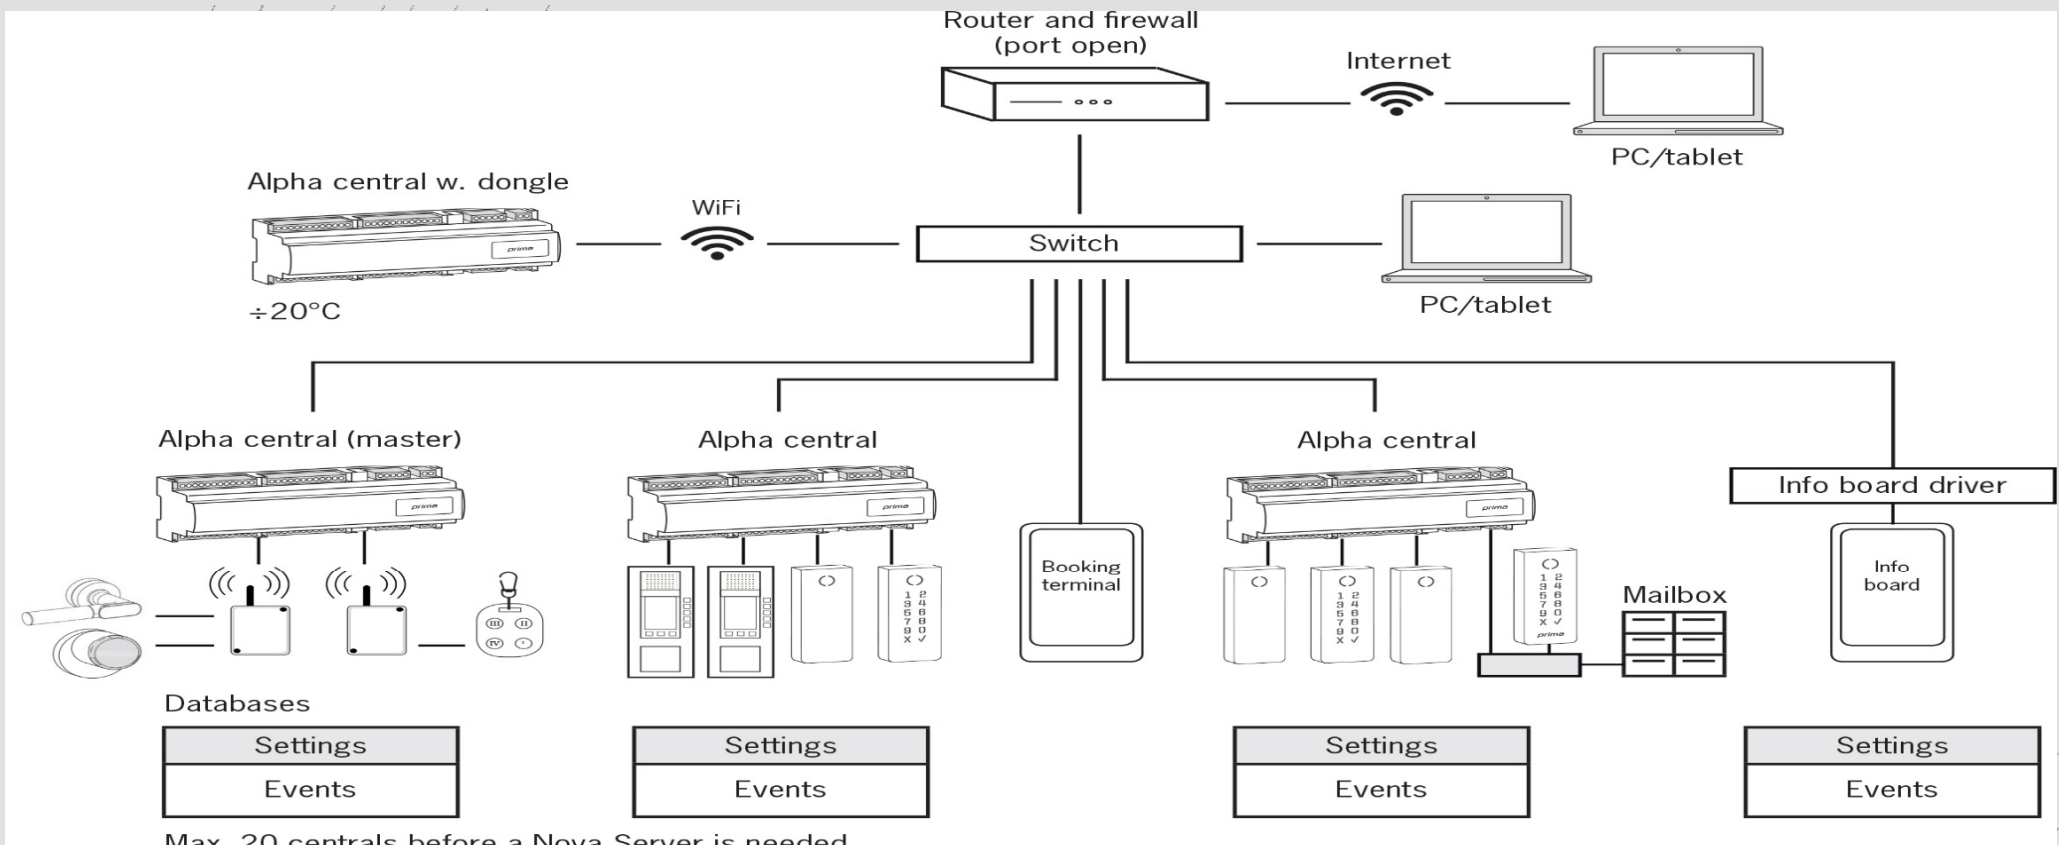

Advantage of using Prima Access Control System:

- i. Complying with growing needs
- ii. Using single hardware
- iii. Modular on-premise or cloud software
- iv. Easy integration with video, T&A, house automation etc.
- v. Sustainable, elegant, user-friendly

EMISSION TRADING

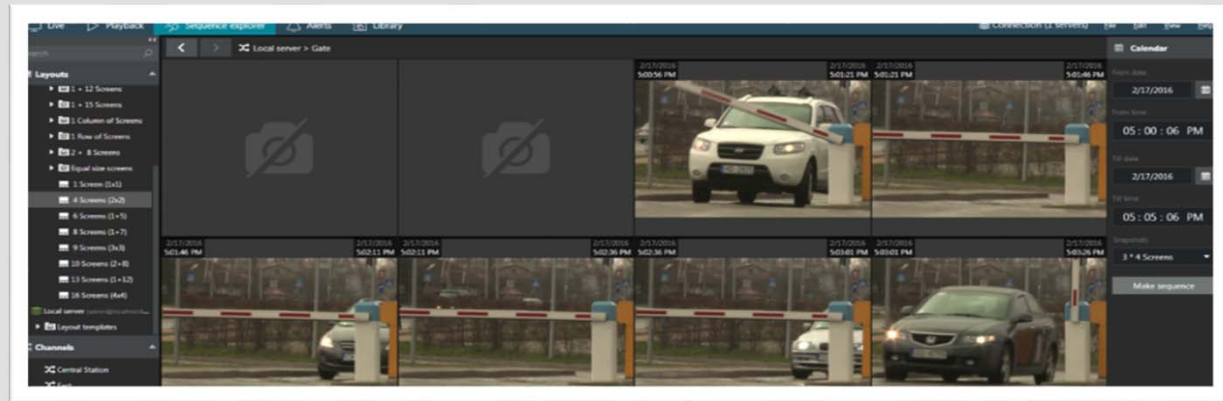

PRIMA SYSTEM ARCHITECTURE

EMISSION TRADING

GATE BARRIERS & ANPR

Emission Trading can provide a range of gate automation systems, window and door operators, electric gates, traffic barriers, parking barriers and markers that could offer most reliable open systems, integrated with automatic number plate recognition and access control or intercom system to provide the highest security level possible.

INTERCOM SYSTEMS

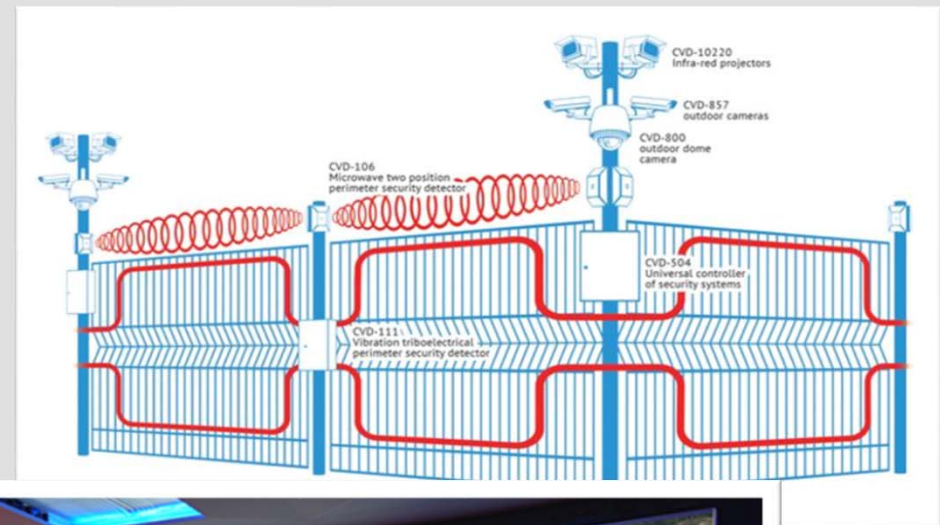

Emission Trading provides high quality video and audio door entry systems from boxed kits to tailored designed systems for multiple blocks that unite several apartments. Our IP based intercom systems offer advantages to every possible application: residential, commercial, business, logistical and institutional that features unlimited number of user's simultaneous conversations without limitation to a specific distance

EMISSION TRADING

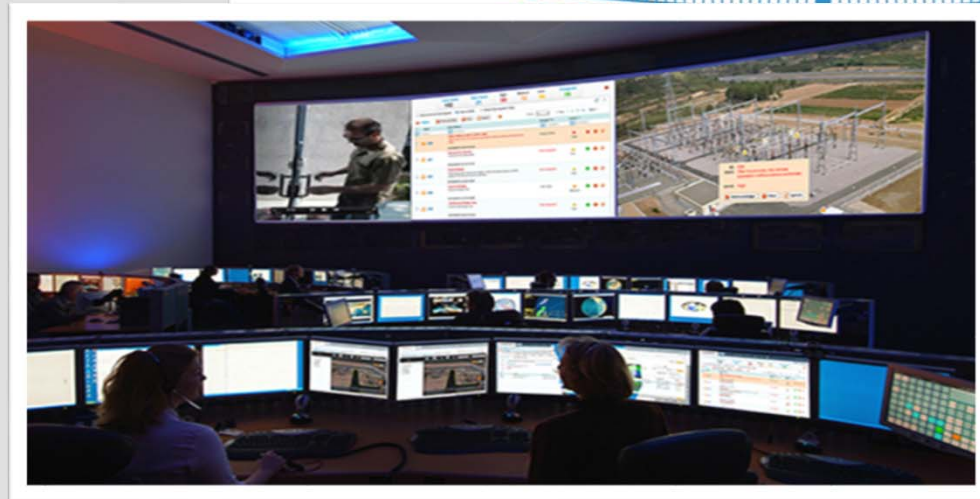

PERIMETER DETECTION

Perimeter intrusion detection systems use integrated detection sensors along with video analytics to accurately detect intrusions over outdoor areas and perimeters. When an intruder breaks a security rule that you have defined, an alarm with video of the event is sent to a video management system in real time and action will be taken according to the defined rule.

PISM & SECURITY MANAGEMENT SYSTEMS

Emission Trading implements integrating physical security and video surveillance with other available devices and business systems in a single environment, result in a developed security application with single user interface platform.

EMISSION TRADING

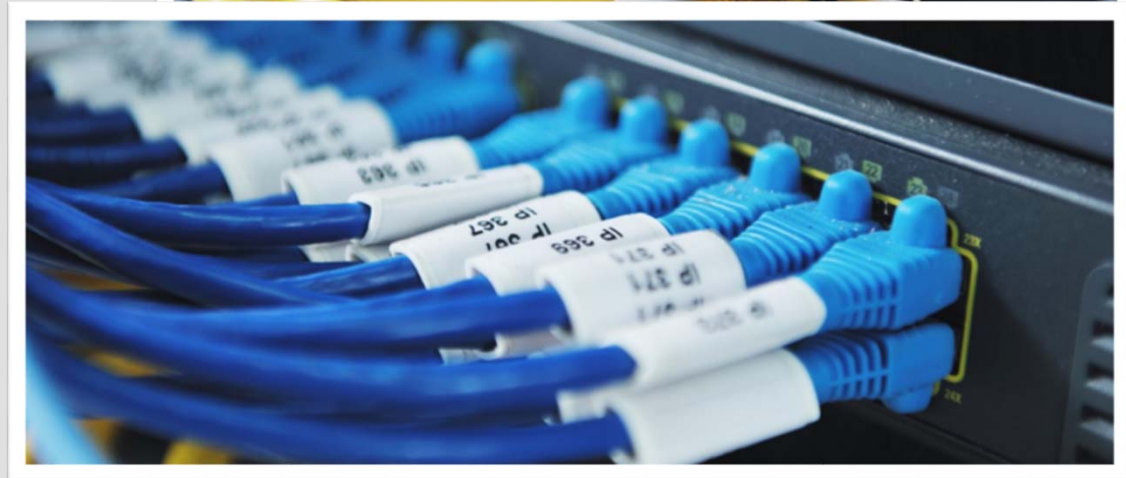

NETWORK ACTIVE COMPONENTS

Emission Trading delivers and supplies a variety of network components for businesses & security solutions. Services are not limited to supply, implementation, configuration, maintenance and support. Components such as: switches, routers, firewalls, access points, servers etc.

STRUCTURED CABLING / VOICE - DATA

Emission Trading provides this service from design to implementation. Our company designs and builds cabling infrastructure systems that support multiple voice, data, video and multimedia systems. By providing infrastructure cabling of the highest quality, we ensure that our clients network operates at full wire speed and maintains the highest possible availability.

EMISSION TRADING

MEETING / CONFERENCE ROOMS

With everything from beautiful, intuitive user interfaces to sophisticated room control and audio-visual distribution, video conferencing, crystal clear sound system, in Emission Trading we design and implement complete solutions that fit any space from the smallest huddle space to the most complex corporate boardroom. With the press of a single button, users can start their presentation. There is no need to worry about dimming lights, lowering screens or turning on or off several pieces of equipment. All of that happens automatically. Video collaboration systems bring people together in new ways, expanding on the capabilities of traditional video conferencing. Emission's video collaboration solutions include the ability to see and edit the same documents in real time — documents that can be shared wirelessly from personal devices, annotated, and

AUDITORIUMS

The auditorium is a large corporate event space that accommodates 100 or more people. The technology and solutions that Emission Trading provides enables organizations to:

- Share content using various devices
- Adjust the AV technology, light and curtains using a tablet or mobile device
- Stream the event live to other locations and remote participants
- Record events for later viewing
- Display event info and corporate communications outside the space
- Monitor, maintain, and troubleshoot the equipment in real time from a central help desk

Independent auditor's report

To,
Shareholders
Emission Trading Computers and Accessories L.L.C.
Abu Dhabi - United Arab Emirates
Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Emission Trading Computers and Accessories L.L.C.**, Abu Dhabi - United Arab Emirates ("Entity") which comprise the statement of financial position as at **December 31, 2019**, and the statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, subject to attached notes, the accompanying financial statements present fairly, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at **December 31, 2019**, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

The management has compiled the financial statements on the basis of information, evidence and data that was available.

An independent confirmation from the bank is still awaited.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

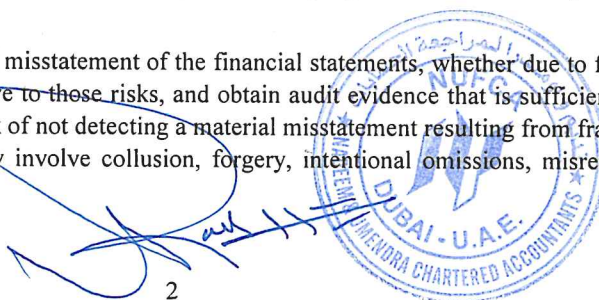

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

A member of

Independent auditor's report "Emission Trading Computers and Accessories L.L.C." (Continued)

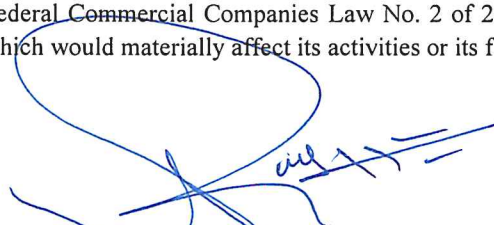

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

As required by the U.A.E. Federal Commercial Companies Law No. 2 of 2015, we further confirm that,

- 1 We have obtained the information and explanations which we consider necessary for our audit.
- 2 The financial statements have been prepared and comply in all material respects with the applicable provisions of the U.A.E. Federal Commercial Companies Law No. 2 of 2015, and the Memorandum and Articles of Association of the Entity.
- 3 The management has compiled the financial statements on the basis of information, evidence and data that was available.
- 4 The contents of the Directors' report which relates to the financial statements are in agreement with the Entity's books of account.
- 5 The Entity has not made any investments in share and stocks during the year ended **December 31, 2019**.
- 6 The Entity have a related party transaction during the year ended **December 31, 2019** refer to note No. 8.
- 7 Based on the information that has been made available to us nothing has come to our attention which causes us to believe that the Entity has contravened, during the financial year ended, any of the applicable provisions of the U.A.E. Federal Commercial Companies Law No. 2 of 2015, or the Memorandum and Articles of Association of the Entity, which would materially affect its activities or its financial position as of **December 31, 2019**.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
DIRECTOR'S REPORT
31 DECEMBER 2019**

The directors have pleasure in submitting their report and the audited financial statements for the year ended 31 December 2019.

Principal Activities

The principal activities of the Company are Wholesale of Computers and Outfit Trading, Wholesale of Alarm and Monitor Devices and Equipment Trading.

Business Operations Review

The Company has made a profit of AED 9,347,327/- for the year.

Events since end of the year

Subsequent to the year end, a corona virus pandemic affecting the global and U.A.E.economies has broken out. This has severely affected the financial, commercial and economic transactions, retail, logistics and distribution and the production and supply chains worldwide. The liquidity, solvency and existence of business entities has come under severe stress. It is not possible, as of now, to determine the full impact of this pandemic and how it will possibly affect the operations and financial results of the business entities in the U.A.E. and globally. In addition, the economic uncertainty and market volatility has been exacerbated by a very sharp fall in the oil price, which will impact the economies of the GCC and Middle East region unfavorably. The full impact of this corona virus pandemic will be assessed and incorporated in the financial statements for the year to end 31 December, 2020.

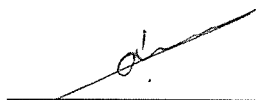

Shareholders' and their interests

The shareholders' as at 31 December 2019 and their interests in the share capital of the Company as at that date were as follows:

Name	Number of shares	AED
Mr. Mahmood Mohammad Hassan Mahmood Al Hamadi	51	76,500
Mr. Almothana Ragheb Sibai	49	73,500
	<u>100</u>	<u>150,000</u>

Auditors

The auditors, M/s Nadeem and Umendra Chartered Accountants are appointed to carry out independent audit for the year.

FOR THE YEAR ENDED 31 DECEMBER 2019**

1 LEGAL STATUS AND BUSINESS ACTIVITY

- a) **Emission Trading Computer and Accessories L.L.C.** was registered on 4 April 2013 in Abu Dhabi, United Arab Emirates. The registered address of the Company is P.O. Box 8110, Abu Dhabi, United Arab Emirates.
- b) The principal activities of the Company are Wholesale of Computers and Outfit Trading, Wholesale of Alarm and Monitor Devices and Equipment Trading.

2 SHAREHOLDINGS

The shareholding of the Company is as follows:

Name	Nationality	Number of shares	AED
Mr. Mahmood Mohammad Hassan Mahmood Al Hamadi	U.A.E.	51	76,500
Mr. Almothana Ragheb Sibai	Syria	49	73,500
		100	150,000

- 2.1 The authorized and paid up share capital of the company is AED 150,000/- divided into 100/- shares of AED 1,500/- each.

3 New standards and amendments

3.1 New standards and amendments issued

Description	<u>Effective for annual periods beginning on or after</u>
Amendments to IFRS 9 – Prepayment Features with Negative Compensation	January 1, 2019
Amendments to IAS 28 – Long-term Interests in Associates and Joint Ventures	January 1, 2019
Annual Improvements to IFRS Standards 2015-2017 Cycle	January 1, 2019
Amendments to IAS 19 – Plan Amendment, Curtailment or Settlement	January 1, 2019
IFRS 17 - Insurance Contracts	January 1, 2021

Management anticipates that these new standards, interpretations and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations and amendments, may have no material impact on the financial statements in the period of initial application.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019**

3.2 Impact of standards adopted in 2018

3.2.1 IFRS 15 Revenue from Contract with Customers

The Entity adopted IFRS 15 Revenue from Contract with Customers from January 1, 2018 using the modified retrospective approach and has adjusted the cumulative impact of adoption in opening retained earnings as of January 1, 2018. Accordingly, comparatives for the 2017 financial year have not been restated. The standards has only been applied to contracts that were not completed as of January 1, 2018. The effect of adoption of IFRS 15 on the balance sheet and retained earnings is material and disclosed where applicable in the Notes to these financial statements.

The effect of adoption of IFRS 15 on the balance sheet and retained earnings is not material and disclosed where applicable in the Notes to these financial statements.

3.2.2 IFRS 9 Financial Instruments

The Entity adopted IFRS 9 Financial Instruments from January 1, 2018. The effect of adoption of IFRS 9 on the balance sheet and retained earnings is not material and has been disclosed where applicable in the notes to these financial statements.

3.3 IFRS 16 Leases

IFRS 16 was issued in January 2016 and will supersede IAS 17 Leases. It will result in almost all leases being recognised on the balance sheet as the distinction between operating and finance lease is removed for leases. Under the new standard, both an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low value leases.

The standard is mandatory for financial years commencing on or after January 1, 2019.

4 SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These financial statements are prepared under the historical cost convention and in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB) and the requirements of UAE Commercial Companies Law No. 2 of 2015, as amended.

b) Presentation currency

These financial statements have been expressed in UAE Dirham, which is the functional and domicile currency of the company. The figures have been rounded off to the nearest 1/-UAE Dirham.

c) Summary of Significant accounting Policies

The significant accounting policies adopted and which have been consistently applied are as follows:

i) Revenue recognition

Revenue from the sale of goods or services in normal course of business is recognised at a point in time when the performance obligation is satisfied and is based on the amount of the transaction price that is allocated to the performance obligation. The transaction price is the amount of consideration to which the Entity expects to be entitled in exchange for transferring promised goods or services to the customer.

FOR THE YEAR ENDED 31 DECEMBER 2019**

ii) Foreign currency transactions

Transactions in foreign currencies are translated into UAE Dirham at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into UAE Dirham at the rate of exchange ruling at the statement of financial position date.

Gains or losses resulting from foreign currency transactions are taken to the statement of comprehensive income.

iii) Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of five years.

An assessment of residual values is undertaken at each statement of financial position date and, where material, if there is a change in estimate, an appropriate adjustment is made to the depreciation charge.

	<u>% age</u>
Furniture fixtures	20
Office equipments	20
Motor vehicles	20

iv) Cash and cash equivalents

Cash and cash equivalents comprise cash and balance in bank current accounts.

v) Financial instruments

Financial assets and financial liabilities are recognized when, and only when, the company becomes a party to the contractual provisions of the instrument.

Financial assets are de-recognized when, and only when, the contractual rights to receive cash flows expire or when substantially all the risks and rewards of ownership have been transferred.

Financial liabilities are de-recognized when, and only when, they are extinguished, cancelled or expired.

Current and non-current financial assets that have fixed or determinable payments and for which there is no active market, which comprise trade and other receivables and related party receivables, are classified as receivables and stated at cost or, if the impact is material, at amortized cost using the effective interest method, less any write down for impairment losses plus reversals of impairment losses. Impairment losses and reversals thereof are recognized in the statement of comprehensive income.

Current and non-current financial liabilities, which comprise current and non-current bank borrowings, trade and other payables and partners' current account, are measured at cost or, if the impact is material, at amortized cost using the effective interest method.

17 FINANCIAL INSTRUMENTS

The management conducts and operates the business in a prudent manner, taking into account the significant risks to which the business is or could be exposed.

The primary risks to which the business is exposed comprise credit, currency and liquidity and cash flow interest rate risks.

Credit risk

Financial assets that potentially expose the company to concentrations of credit risk comprise principally bank balances and trade and other receivables.

Credit risk relating to trade receivables is managed by assessing the creditworthiness of potential customers and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

The company's bank accounts are placed with high credit quality financial institutions.

Currency risk

There are no significant exchange rate risk as substantially all financial assets and liabilities are denominated in AED or US Dollars against which the UAE Dirham rate is fixed.

ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019**

18 EVENTS SINCE END OF THE YEAR

Subsequent to the year end, a corona virus pandemic affecting the global and U.A.E.economies has broken out. This has severely affected the financial, commercial and economic transactions, retail, logistics and distribution and the production and supply chains worldwide. The liquidity, solvency and existence of business entities has come under severe stress. It is not possible, as of now, to determine the full impact of this pandemic and how it will possibly affect the operations and financial results of the business entities in the U.A.E. and globally. In addition, the economic uncertainty and market volatility has been exacerbated by a very sharp fall in the oil price, which will impact the economies of the GCC and Middle East region unfavorably. The full impact of this corona virus pandemic will be assessed and incorporated in the financial statements for the year to end 31 December, 2020.

19 FAIR VALUE

The fair value of a financial instrument is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

The fair value of the financial assets and financial liabilities which are required to be carried at cost or at amortized cost approximates to their carrying values.

20 COMPARATIVE FIGURES

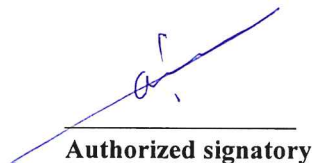

Previous year figures have been reclassified / regrouped where necessary to conform to the presentation adopted in these financial statements.

The accounting policies and notes on pages 7 to 13 form an integral part of these financial statements.

The independent auditors' report is set forth on page 2 - 2A.

These financial statements have been approved and signed by the undersigned on 2 July 2020.

Independent auditor's report

To,
Shareholders
Emission Trading Computers and Accessories L.L.C.
Abu Dhabi - United Arab Emirates
Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Emission Trading Computers and Accessories L.L.C.**, Abu Dhabi - United Arab Emirates ("Entity") which comprise the statement of financial position as at **December 31, 2020**, and the statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, subject to attached notes, the accompanying financial statements present fairly, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at **December 31, 2020**, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

The management has compiled the financial statements on the basis of information, evidence and data that was available.

An independent confirmation from the bank is still awaited.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

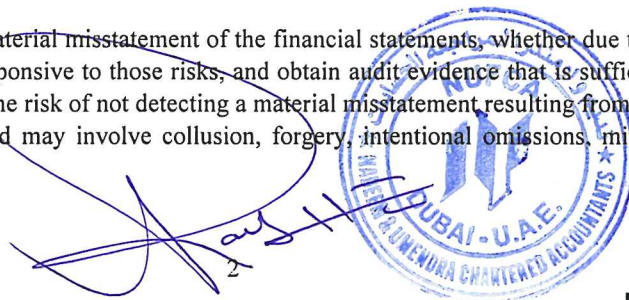

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

A member of

Independent auditor's report "Emission Trading Computers and Accessories L.L.C." (Continued)

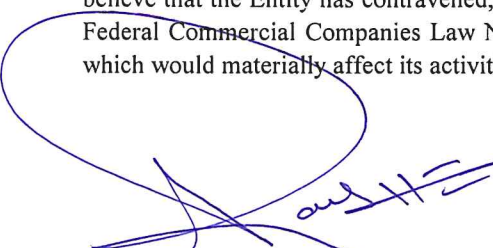

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

As required by the U.A.E. Federal Commercial Companies Law No. 2 of 2015, we further confirm that,

- 1 We have obtained the information and explanations which we consider necessary for our audit.
- 2 The financial statements have been prepared and comply in all material respects with the applicable provisions of the U.A.E. Federal Commercial Companies Law No. 2 of 2015, and the Memorandum and Articles of Association of the Entity.
- 3 The management has compiled the financial statements on the basis of information, evidence and data that was available.
- 4 The contents of the Directors' report which relates to the financial statements are in agreement with the Entity's books of account.
- 5 The Entity has not made any investments in share and stocks during the year ended **December 31, 2020**.
- 6 The Entity has not related party transaction during the year ended **December 31, 2020**.
- 7 Based on the information that has been made available to us nothing has come to our attention which causes us to believe that the Entity has contravened, during the financial year ended, any of the applicable provisions of the U.A.E Federal Commercial Companies Law No. 2 of 2015, or the Memorandum and Articles of Association of the Entity, which would materially affect its activities or its financial position as of **December 31, 2020**.

FOR THE YEAR ENDED 31 DECEMBER 2020**

3.2 Impact of standards adopted in 2018

3.2.1 IFRS 15 Revenue from Contract with Customers

The Entity adopted IFRS 15 Revenue from Contract with Customers from January 1, 2018 using the modified retrospective approach and has adjusted the cumulative impact of adoption in opening retained earnings as of January 1, 2018. Accordingly, comparatives for the 2017 financial year have not been restated. The standards has only been applied to contracts that were not completed as of January 1, 2018. The effect of adoption of IFRS 15 on the balance sheet and retained earnings is material and disclosed where applicable in the Notes to these financial statements.

The effect of adoption of IFRS 15 on the balance sheet and retained earnings is not material and disclosed where applicable in the Notes to these financial statements.

3.2.2 IFRS 9 Financial Instruments

The Entity adopted IFRS 9 Financial Instruments from January 1, 2018. The effect of adoption of IFRS 9 on the balance sheet and retained earnings is not material and has been disclosed where applicable in the notes to these financial statements.

3.3 IFRS 16 Leases

IFRS 16 was issued in January 2016 and will supersede IAS 17 Leases. It will result in almost all leases being recognised on the balance sheet as the distinction between operating and finance lease is removed for leases. Under the new standard, both an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low value leases.

The standard is mandatory for financial years commencing on or after January 1, 2019.

4 SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These financial statements are prepared under the historical cost convention and in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB) and the requirements of UAE Commercial Companies Law No. 2 of 2015, as amended.

b) Presentation currency

These financial statements have been expressed in UAE Dirham, which is the functional and domicile currency of the company. The figures have been rounded off to the nearest 1/-UAE Dirham.

c) Summary of Significant accounting Policies

The significant accounting policies adopted and which have been consistently applied are as follows:

i) Revenue recognition

Revenue from the sale of goods or services in normal course of business is recognised at a point in time when the performance obligation is satisfied and is based on the amount of the transaction price that is allocated to the performance obligation. The transaction price is the amount of consideration to which the Entity expects to be entitled in exchange for transferring promised goods or services to the customer.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

ii) Foreign currency transactions

Transactions in foreign currencies are translated into UAE Dirham at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into UAE Dirham at the rate of exchange ruling at the statement of financial position date.

Gains or losses resulting from foreign currency transactions are taken to the statement of comprehensive income.

iii) Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of five years.

An assessment of residual values is undertaken at each statement of financial position date and, where material, if there is a change in estimate, an appropriate adjustment is made to the depreciation charge.

	<u>% age</u>
Furniture fixtures	20
Office equipments	20
Motor vehicles	20

iv) Cash and cash equivalents

Cash and cash equivalents comprise cash and balance in bank current accounts.

v) Financial instruments

Financial assets and financial liabilities are recognized when, and only when, the company becomes a party to the contractual provisions of the instrument.

Financial assets are de-recognized when, and only when, the contractual rights to receive cash flows expire or when substantially all the risks and rewards of ownership have been transferred.

Financial liabilities are de-recognized when, and only when, they are extinguished, cancelled or expired.

Current and non-current financial assets that have fixed or determinable payments and for which there is no active market, which comprise trade and other receivables and related party receivables, are classified as receivables and stated at cost or, if the impact is material, at amortized cost using the effective interest method, less any write down for impairment losses plus reversals of impairment losses. Impairment losses and reversals thereof are recognized in the statement of comprehensive income.

Current and non-current financial liabilities, which comprise current and non-current bank borrowings, trade and other payables and partners' current account, are measured at cost or, if the impact is material, at amortized cost using the effective interest method.

19 FINANCIAL INSTRUMENTS

The management conducts and operates the business in a prudent manner, taking into account the significant risks to which the business is or could be exposed.

The primary risks to which the business is exposed comprise credit, currency and liquidity and cash flow interest rate risks.

Credit risk

Financial assets that potentially expose the company to concentrations of credit risk comprise principally bank balances and trade and other receivables.

Credit risk relating to trade receivables is managed by assessing the creditworthiness of potential customers and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

The company's bank accounts are placed with high credit quality financial institutions.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

Currency risk

There are no significant exchange rate risk as substantially all financial assets and liabilities are denominated in AED or US Dollars against which the UAE Dirham rate is fixed.

20 FAIR VALUE

The fair value of a financial instrument is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

The fair value of the financial assets and financial liabilities which are required to be carried at cost or at amortized cost approximates to their carrying values.

21 COMPARATIVE FIGURES

Previous year figures have been reclassified / regrouped where necessary to conform to the presentation adopted in these financial statements.

The accounting policies and notes on pages 7 to 13 form an integral part of these financial statements.

The independent auditors' report is set forth on page 2 - 2A.

These financial statements have been approved and signed by the undersigned on 7 September 2021.

Independent auditor's report

To,
Shareholders
Emission Trading Computers and Accessories L.L.C.
Abu Dhabi - United Arab Emirates
Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Emission Trading Computers and Accessories L.L.C.**, Abu Dhabi - United Arab Emirates ("Entity") which comprise the statement of financial position as at **December 31, 2021**, and the statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, subject to attached note, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at **December 31, 2021**, and its financial performance and its cash flows for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

The management has compiled the financial statements on the basis of information, evidence and data that was available.

An independent confirmation from the bank is still awaited.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2

A member of

Independent auditor's report "Emission Trading Computers and Accessories L.L.C." (Continued)

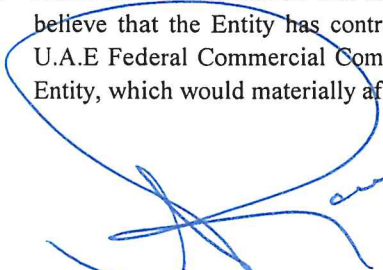

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

As required by the U.A.E. Federal Commercial Companies Law No. 2 of 2015, we further confirm that,

- 1 We have obtained the information and explanations which we consider necessary for our audit.
- 2 The financial statements have been prepared and comply in all material respects with the applicable provisions of the U.A.E. Federal Commercial Companies Law No. 2 of 2015, and the Memorandum and Articles of Association of the Entity.
- 3 The management has compiled the financial statements on the basis of information, evidence and data that was available.
- 4 The contents of the Directors' report which relates to the financial statements are in agreement with the Entity's books of account.
- 5 The Entity has not made any investments in share and stocks during the year ended **December 31, 2021**.
- 6 The Entity has not related party transaction during the year ended **December 31, 2021**.
- 7 Based on the information that has been made available to us nothing has come to our attention which causes us to believe that the Entity has contravened, during the financial period ended, any of the applicable provisions of the U.A.E Federal Commercial Companies Law No. 2 of 2015, or the Memorandum and Articles of Association of the Entity, which would materially affect its activities or its financial position as of **December 31, 2021**.

Amendments to IAS 28 – Long-term Interests in Associates and Joint Ventures	January 1, 2022
Annual Improvements to IFRS Standards 2015-2017 Cycle	January 1, 2023
Amendments to IAS 19 – Plan Amendment, Curtailment or Settlement	January 1, 2022
IFRS 17 - Insurance Contracts	January 1, 2023

Management anticipates that these new standards, interpretations and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations and amendments, may have no material impact on the financial statements in the period of initial application.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

3.2 Impact of standards adopted in 2018

3.2.1 IFRS 15 Revenue from Contract with Customers

The Entity adopted IFRS 15 Revenue from Contract with Customers from January 1, 2018 using the modified retrospective approach and has adjusted the cumulative impact of adoption in opening retained earnings as of January 1, 2018. Accordingly, comparatives for the 2017 financial year have not been restated. The standards has only been applied to contracts that were not completed as of January 1, 2018. The effect of adoption of IFRS 15 on the balance sheet and retained earnings is material and disclosed where applicable in the Notes to these financial statements.

The effect of adoption of IFRS 15 on the balance sheet and retained earnings is not material and disclosed where applicable in the Notes to these financial statements.

3.2.2 IFRS 9 Financial Instruments

The Entity adopted IFRS 9 Financial Instruments from January 1, 2018. The effect of adoption of IFRS 9 on the balance sheet and retained earnings is not material and has been disclosed where applicable in the notes to these financial statements.

3.3 IFRS 16 Leases

IFRS 16 was issued in January 2016 and will supersede IAS 17 Leases. It will result in almost all leases being recognised on the balance sheet as the distinction between operating and finance lease is removed for leases. Under the new standard, both an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low value leases.

The standard is mandatory for financial years commencing on or after January 1, 2019.

4 SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These financial statements are prepared under the historical cost convention and in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB) and the requirements of UAE Commercial Companies Law No. 2 of 2015, as amended.

b) Presentation currency

These financial statements have been expressed in UAE Dirham, which is the functional and domicile currency of the company. The figures have been rounded off to the nearest 1/-UAE Dirham.

c) Summary of Significant accounting Policies

The significant accounting policies adopted and which have been consistently applied are as follows:

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

i) Revenue recognition

IFRS 15 Revenue from Contracts from Customers.

IFRS 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. IFRS 15 will supersede the current revenue recognition guidance including IAS 18 Revenue, IAS 11 Construction Contracts and the related interpretations when it becomes effective. The core principle of IFRS 15 is that an entity should recognise revenue to depict the transfer to promised goods and services to customers in an amount that reflects the consideration to which the entity expected to be entitled in exchange for those goods or services. Specifically, the standard introduce a 5- steps approach to revenue recognition:

Step 1 : Identify the contract(s) with customer.

Step 2 : Identify the performance obligations in the contract.

Step 3 :Determine the transaction price.

Step 4 : Allocate the transaction price to the performance obligations in the contract

Step 5 : Recognise revenue when (or as) the entity satisfied a performance obligation.

Under **IFRS 15**, an entity recognise when (or as) a performance obligation is satisfied. i.e when 'control' of the goods and services underlying the particular performance obligation is transferred to the customer.

ii) Foreign currency transactions

Transactions in foreign currencies are translated into UAE Dirham at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into UAE Dirham at the rate of exchange ruling at the date of statement of financial position.

Gains or losses resulting from foreign currency transactions are taken to the statement of comprehensive income.

iii) Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a realizable estimate of the amount of the obligation can be made.

iv) Cash and cash equivalents

Cash and cash equivalents comprise cash and balance in bank current accounts.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

Due to/ from related parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions.

All the related party transactions represent transfer of resources at book values to / from other companies to facilitate day to day business operations of the Company.

Loans and other borrowings are recorded at the proceeds received, net of direct issue costs. Finance charges are accounted on accrual basis and are added to the carrying value of the instruments to the extent that they are not settled in the period in which they arise.

Derecognition of financial liabilities

The Entity derecognises financial liabilities when, and only when, the Entity's obligations are discharged, cancelled or they expire. When an existing financial liability is replaced by another, from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

vi) Gratuity - End of service funds

Provision is made for gratuity - end of services payable to the staff at the statement of financial position date in accordance with the UAE Labour law and is disclosed as non-current liabilities. Provision made for the estimated liability for leave and airfares are disclosed as current liabilities.

vii) Financial instruments

Financial assets and financial liabilities are recognized when, and only when, the company becomes a party to the contractual provisions of the instrument.

Financial assets are de-recognized when, and only when, the contractual rights to receive cash flows expire or when substantially all the risks and rewards of ownership have been transferred.

Financial liabilities are de-recognized when, and only when, they are extinguished, cancelled or expired.

Current and non-current financial assets that have fixed or determinable payments and for which there is no active market, which comprise trade and other receivables and related party receivables, are classified as receivables and stated at cost or, if the impact is material, at amortized cost using the effective interest method, less any write down for impairment losses plus reversals of impairment losses. Impairment losses and reversals thereof are recognized in the statement of comprehensive income.

Current and non-current financial liabilities, which comprise current and non-current bank borrowings, trade and other payables and partners' current account, are measured at cost or, if the impact is material, at amortized cost using the effective interest method.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

viii) Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of five years.

An assessment of residual values is undertaken at each statement of financial position date and, where material, if there is a change in estimate, an appropriate adjustment is made to the depreciation charge.

19 FINANCIAL INSTRUMENTS

The management conducts and operates the business in a prudent manner, taking into account the significant risks to which the business is or could be exposed.

The primary risks to which the business is exposed comprise credit, currency and liquidity and cash flow interest rate risks.

Credit risk

Financial assets that potentially expose the company to concentrations of credit risk comprise principally bank balances and trade and other receivables.

Credit risk relating to trade receivables is managed by assessing the creditworthiness of potential customers and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

The company's bank accounts are placed with high credit quality financial institutions.

Currency risk

There are no significant exchange rate risk as substantially all financial assets and liabilities are denominated in AED or US Dollars against which the UAE Dirham rate is fixed.

**EMISSION TRADING COMPUTERS
AND ACCESSORIES L.L.C.
ABU DHABI, U.A.E.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

20 FAIR VALUE

The fair value of a financial instrument is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

The fair value of the financial assets and financial liabilities which are required to be carried at cost or at amortized cost approximates to their carrying values.

21 COMPARATIVE FIGURES

Previous year figures have been reclassified / regrouped where necessary to conform to the presentation adopted in these financial statements.

The accounting policies and notes on pages 7 to 16 form an integral part of these financial statements.

The independent auditors' report is set forth on page 2 - 2A.

These financial statements have been approved and signed by the undersigned on 10 February 2023.

MEKATECH TECHNICAL WORKS LLC:

From Oct 2009 up to Oct 2010

Sales & Operation Manager

Involved in project estimation, clients & consultant's meetings, system design, installation & handover of low current systems; includes: CCTV, Access Control, Automatic Gates, Intercom, BMS, Structure Cabling, SMATV, Intruder Alarm System, Public Address & home automation.

Projects successfully delivered:

1 - G+9P+36 Typical Sharjah UAE, Contractor: SS Lootah, MEP: ETA MPD, Consultant: Horizon International.

Systems delivered: access control & gate barrier.

2 - G+8P+25 Typical Sharjah UAE, Contractor: SS Lootah, MEP: ETA MPD, Consultant: Horizon International.

Systems delivered: access control & gate barrier.

3 - G+2 typical (20 villas) Dubai UAE, Contractor: DUTCO, MEP: GMCO, Consultant: Dubai Consultants.

Systems delivered: Intercom System & access control.

4 - G+8 Typical (4 Buildings) Dubai UAE, Contractor: ARAM, MEP: GMCO, Consultant: Al Ajami consultants.

Systems Delivered: intercom system, access control & SMATV.

5 - B+G+5P+15 typical: Sharjah UAE, Contractor: OMIS Consultant: ART of Architect. Systems delivered: Intercom system, CCTV system & SMATV.

6 - B+G+2 typical (Hospital): Sharjah UAE, Contractor: OMIS, Consultant: Gulf Sky. System delivered: CCTV system, public address system & Access control.

7 - G+8 Typical (Al Rayyan Hotel) Sharjah UAE, Contractor: OMIS, Consultant: Gulf Sky. Systems delivered: CCTV system, public address system.

8 - B+G+36 typical Dubai UAE, Contractor: ALSAHEL, Consultant: Khatib & Alami. Systems Delivered: IP CCTV system & Home Automation.

9 - G+3P+15 Typical: Sharjah UAE: Contractor: Al Matrooshi, Consultant; Gulf Sky. System delivered: access control & gate barrier systems

10 - List of satisfied clients: different systems delivered successfully:

CINEMA CITY, ALWASL CLUB, SIWA PETROLUIM, MATTEX, AQAAR, AMERICAN UNIVERSITY OF SHARJAH ...

IMPACT SERVICES & TRADING FZ LLC:

From Jan 2006 till Oct 2009

Technical Support Manager

EMISSION TRADING COMPUTERS & ACC. LLC

P.O Box. 8110, ABU DHABI, UAE

Tel: +971 2 644 1191, Fax 9712 644 1192

IMPACT Services & Trading is a regional representative office of German manufacture; I was the representative of the following manufactures:

- Funkwerk Plettac Electronics GmbH: CCTV systems, Cameras, Recording Devices, Pan/Tilt heads, video analysis solutions
- TVI LEDERER GmbH & CO KG: Pan/Tilt heads, alarm modules, analogue matrix, digital matrix, recording devices
- CEStronics GmbH: mechanical & electronic solutions of access control system
- GfS mbH: safety devices at doors

Projects successfully delivered:

- 1 - Design, specifications, sales of security system at SOR port in OMAN; Client: OMAN LNG, Contractor: Majees Technical Services. Project value 230,000.00 Euro
- 2 - Design, specifications, sales of security system at DAR SALWA ROAD in Kuwait (Kuwait Ruler Palace Road); Client: Kuwait Ministry of Interior, Contractor: Group 5 Contracting & trading. Project value: 220,000.00 Euro
- 3 - Design, specifications, sales of complete security system Kuwait central Jail; Client: Kuwait Ministry of Interior, Contractor: Group 5 Contracting & trading. Project Value: 150,000.00 Euro
- 4 - Dubai Public Libraries: fire exit doors alarm systems
- 5 - AZADEA Group: fire exit doors alarm system.
- 6 - COINS HOUSE Museum: Dubai Bastakia, CCTV, Music system
- 7 - SABA Towers 1, 2&3: Access control system System
- 8 - List of satisfied clients:
ZARA, Virgin Mega store, Bel Rumaiha club, MASS, ZENER

American University of Sharjah (Sharjah_ UAE):

From Nov 2002 till Dec 2005

Residential Halls Coordinator:

Handling all Electronic Systems in the Residential Halls (Access Control, Digital Electronic Locks, CCTV, Queue Management System, and Fire Alarm System), issues related to Monitoring, Maintenance, Updating, coordinating other departments and outside contractors preparing technical information for new requirements, supervising and receiving new implementation. Following up all issues related to Residential Halls Building Maintenance and reporting to Residential Halls Manager

City Tec (Dubai_ UAE):

From Jun 2001 till Oct 2002

Support Engineer (Security & Control Sys):

Involving in the daily installation, contacting clients, providing solutions, preparing quotations, conduct presentations for clients and contractors, creating new clients and new markets.

Computer Skills:

MS Office (Excel, Word, Power Point, Access), MS Project, P spice. Auto CAD, VISIO.

Course	Institute
CCNA: Cisco Certified Network Associate CCNP routing & switching: Cisco Certified Network Professional CCNP Security: Cisco Certified Network Professional Security. CCNA Wireless: Cisco certified network associate wireless CCIE # 50165: Cisco certified internetwork expert routing and switching	Self study

Employment history

Employer	Duration	Title
Royal Technology Solution	Aug 2009 till present	Network Engineer
Intuitive Systems	Jan 2008-jul 2009	Network Engineer
Beta Information Technology	Jun 2005 – Jan 2007	Network Engineer

Projects / Implementations

#	Project	Role	Responsibility
1	Reem Island Smart City Project	Network Engineer	Smart city project with UT Technology (UTT Etisalat) connecting all the systems at Reem Island new buildings to the command center using CISCO devices
2	Fujairah Airport- Fujairah City	Network Engineer	Configuration of Cisco Catalyst 2960 switches at the royal caravan, installation of Cisco 1130 autonomous wireless access points
3	Alain Holding- Abu Dhabi	Network Engineer	Installation and Configuration of 2 Cisco 5800 series controllers with 60 1142 N-E-K9 lightweight access points (LWAP)- in a high availability scenario

4	H.H Shk.Abdullah Palace- Dubai	Network Engineer	Installation and configuration of Cisco 2100 series wireless LAN controller AND 14 access points LWAP, installation and configuration of SV8100 NEC Main unit PABX with 20 IP Phones, installation and configuration of Cisco Catalyst 2960s switches.
5	H.H Shk.Abdullah Palace- Abu Dhabi	Network Engineer	Installation and configuration of SV8100 NEC Main unit PABX with 24 IP Phones, installation and configuration of Cisco Catalyst 2960s switches.
6	H.H Shk.Mohammed Palace- Abu Dhabi	Network Engineer	Installation and configuration of Cisco catalyst 3560 layer 3 Switches, installation and configuration of Cisco 1130 autonomous wireless access points
7	Gurm Villa- Abu Dhabi	Network Engineer	Installation and configuration of 2504 Wireless LAN Controller with 17 1142 N-E-K9 LWAP.
8	Abhath Office- (one of royal group companies)	Network engineer	Installation and configuration of Cisco Catalyst 4500 Switch, installation and configuration of Cisco 2900 router, installation and configuration of 2100 series Cisco LAN Controller with 8 LWAP
9	Vision Links Hotel	Network engineer	Installation and configuration of 18 Cisco Catalyst 3560 Switches as an edge switches and 3 Catalyst 3750 switches as a core switches distributed in a 3 buildings.
10	Manoor School- Alain	Network engineer	Installation and configuration of Cisco 5800 Series controller with 112 LWAP, installation and configuration of Cisco 3570 Catalyst Switches and Cisco 1800 series router
11	Cromwell Hospital Alain City	Network engineer	Installation and configuration of Cisco 3570 switches as edge switches to provide data and internet services to the employees of the hospital, configuration of 4500 Catalyst as core switch, installation and configuration of 2900 series router as an internet router
12	HH.Shk Mansoor Palace- Abu Dhabi	Network engineer	Installation and configuration of SV8100 Main unit PABX with 30 IP Phones, and configuration of 2 Cisco Catalyst 2960s switches with 12 Cisco WAP 4410N Series wireless Access points.
13	Vision Factory	Network engineer	Installation and configuration of 3 Cisco Catalyst 2960 Switches to support IP Phones in the factory

Tareq Jamil Yaghi
Electrical \ Communication Engineer

Contact No. +971 50 1821634 , **E-mail:** yaghi88@hotmail.com

Personal Information

Date & Place of Birth: August, 7th 1988 – Abu-Dhabi, U.A.E

Nationality: Jordanian

Address: Abu Dhabi - UAE

Objective

To be a productive member of team in a reputable organization.

Education

B. E. degree in Electrical \ Communication Engineering, (Average: 72.5%)
Mu'tah University \ Engineering Faculty, Jan 2011,
Al Karak – Jordan.

Work Experience

❖ **EMISSION TRADING COMPUTERS & ACC. L.L.C , June.2015 – Present:**
DESIGN \ ESTIMATION MANAGER,
Abu Dhabi - UAE, www.emission-uae.net

Security & ELV Systems:

- Exclusive Distributors for:
 - CCTV - CBC GANZ Brand (UK\JAPAN)
 - ACS - PRIMA Brand (EU\Slovenia)
 - INTERCOM - TCS Brand (Germany)
- The main Partners that I dealt with: RTS (Royal Technology Solution), Juma'a Al Majid, MITS (Majid Informatics Solutions), ISS (Integrated System Solution)...etc.
- Dealing with other Brands like: FUNKWERK, OZAK, BELDEN, CISCO, DELL...etc.
- Preparing Quotation according to enquiries\client requirements & negotiation with clients.
- Design, Estimation, Technical Proposals & Presales in ELV & Security Products.
- Excellent knowledge in Structure cabling system (Specs & Design).
- Site Survey, working closely with Consultants\Contractors & meeting them to understand their requirement, give advices and provide them a technical solution.
- Developed and established strong relationships with strategic clients and partners.

EMISSION TRADING COMPUTERS & ACC. LLC
P.O Box. 8110, ABU DHABI, UAE
Tel: +971 2 644 1191, Fax 9712 644 1192

- ❖ **PROFESSIONAL SYS. INTEGRATOR (PSI GULF), Dec.2013 – June 2015:**
PRE-SALES & DESIGN ENGINEER (1 year & 6 months)
Abu Dhabi - UAE, www.psigulf.com

ELV & Structure Cabling Systems:

- Structure Cabling System (Horizontal \Backbone & Fiber\Copper Cabling)
- CCTV System, Access Control, Public Address, SMATV and other Systems
- Handling Projects (Drawings, Enquiries, Specifications and all Documents).
- Preparing a (BOQ) & Prices according to client requirements.
- Coordinating with sales Team to prepare a quotation.
- Making a Site Survey & Contacting and follow up the Suppliers and Clients.
- Good Dealing with AutoCad, Making a design on the layout drawings and make a Schematic Diagram for a system.

EDUCATION

- Bachelor of Electronics and Telecommunication Engineering -2012, Albaath University, Faculty of Electric and Mechanical Engineering, Homs, Syria.
- Baccalaureate Degree - 2005, Bin Rushed High School, Hama, Syria.

Known Systems

- IP & Analog CCTV Systems, Centralized Video Monitoring & Security Systems.
- Time Attendance & Access Control Systems.
- Networking, Copper & Fiber Optics Structured Cabling.
- IT (hardware and Software), Active Components & Servers.
- Displays and Alarm Systems.
- Gate Barriers & Road Blockers.
- Video Intercom (Indoor & Outdoor) & Telephony Systems.
- Public Addressing & Audio Visual Systems.
- Building Automations.
- SMATV (Structure Cabling & Distributed Antenna System).
- Parking Management System such as Vehicle barriers, Bollards & Barricades.

Previous Experiences & Projects References

Worked as Project Engineer then Project Manager, in Emission Trading Computers and Accessories from MARCH-2013 up to present.

I have been majorly involved with the following projects:
Project Responsibility (On Site – Off Site)

- GASCO Abu Dhabi: Network, Fiber Cabling, Active Components & Telephony.
- IGG Abu Dhabi (Showrooms and Offices): CCTV & Access Control.
- Abu Dhabi Aviation (Airport - Terminal 2): Access Gates.
- Al Ryan International School Abu Dhabi – Masdar City: CCTV.
- Emirates Link Maltauro Abu Dhabi – Musaffah: CCTV.
- Ali & Sons Abu Dhabi: C40 Building CCTV.
- REMAS Abu Dhabi: Business Center, CCTV, Access Control & Light Control.
- Talent generation Dubai: CCTV, Network, TVs, Sound System, Telephony & Access gate.
- Quality Dent Abu Dhabi: Network, CCTV & IT Terminals (PCs, Printers & Servers).
- Private Villas, Hotels, Clinics, Offices & Restaurants (Abu Dhabi, Al Ain, Dubai & Sharjah)

Job profile:

- Installation and Commissioning.
- Designing & Planning of all control Points throughout the building.
- Coordinating with clients and Consultant for approvals, Technical Report Writing.
- Detailed engineering and cost estimation and allocation.
- Responsible to convince the consultant/client for system design with industrial standard & their requirements as per site condition.
- Co-ordination with other vendors.
- Preparing technical submittal and handing over documents.
- Organizing the various professional people working on a project.
- Risk assessment.
- Making sure that all the aims of the project & quality standards are met.
- Using the latest IT to keep track of people and progress.
- Recruiting specialists and sub-contractors.
- Accounting, costing and billing.

LANGUAGES

- Arabic: Native.
- English: Fluent (Read, Write, and conversation).
- Polish: Good.

Professional affiliations

- Member of the Syrian Engineers Association.

Sajankumar Sudhakaran - Design & Estimation Engineer-ELV/AV

Contact : +971588322600 ,Email : sajankumars@gmail.com, Abu Dhabi, United Arab Emirates

To be part of an Organization exploring the latest frontiers in the field of Information and Communications Technology where in my initiative for personal and professional development will contribute to achieve the goals of the Organization.

Summary of Skills

- Adept on making powerful Technical support on client requirements.
- Technical design, costing and Estimation with maximum accuracy.
- Evaluation of project specifications, Vender list, drawings, bill of quantities.
- Ensuring that commercial submissions to tenders are fully complied with all necessary details.
- Familiarity with Distributors, Suppliers and vendors.
- Monitors and stores the costs to improve the accuracy of future pricing.
- Skilled in Extra-low Voltage ,Security and Telecom Systems
- Ability to work on multiple project simultaneously.
- Ability to prepare technical submittals, compliance statements, pre-qualification documents, Method statement, Project schedule, Project Organization chat.
- Knowledge of Business devolvement and Project Consultation.

Professional Experience

Senior Design & Estimation Engineer, May 2018 – Present

- **Emission Trading Computers & Accessories LLC, Abu Dhabi, United Arab Emirates**
 - Taking control of the tender process and drive the submission of the Offer.
 - Analyzing request for proposals (RFP)/ request for quotation (RFQ) from Customer and determining the scope of works and tasks with a complete design.

 - Project planning and Implementation.
 - Suppliers and Vendor coordination.
 - Support account team in providing timely project engineering documents such as bills of materials, scopes of work, and design drawings
 - Experience in LAN/WAN design and support, SDH, PDH, FTTH, GPON Networks.

Technical Expertise (Systems)

- CCTV System (IP & Analog)
- Access control & Time attendance
- Audio Video System
- Data Networking
- Structured Cabling
- Fiber Optic Communication
- IPTV & SMATV
- Gate Barrier System
- Intruder system
- Public Address System
- Central Clock & Prayer Clock System
- Intercom System (Audio & Video)
- Parking Management & Guidance System
- Digital Signage system
- Telecom (IBS)

Academic Qualifications

Bachelor's Degree in Electronics with Computer Hardware - Mahatma Gandhi University , Kerala, India

Diploma in Computer Application –Indian Computer Educational Society

Computer Skills

- Operating systems.
- Microsoft Office, Power point and Excel.
- Communication and collaboration tools
- AutoCAD
- Social Media.

Training & Certificates

- CCNA
- Pelco - Products Training.
- Samsung - CCTV Pre-Sales Training
- Datwyler – Data Centre

- Fiber Optic Networking, OTDR Tracing Information & Optical power meter/Laser sourced activities.
- To participate in the planning and execution of Telecom system modifications, expansions or new equipment installations.

Telecom Engineer , May 2013 – Mar 2015

● **Al Madaen Security Systems , Doha, Qatar**

- Experience in LAN/WAN design and support, Fiber optic technologies on FTTH, GPON Networks.
- Project Planning, implementation, Preparation of BOQ and Quotation for the procurement of IT/Telecom Systems.
- Preparing project documentation, Technical proposal, Method statement, Project schedule, Project Organization chart, Daily work status report.
- To participate in the planning and execution of Telecom system modifications, expansions or new equipment installations.
- Rectifying the Hardware and Software Problems.
- Providing technical support to users for mail, Outlook configurations and support.
- Technical support for desktop, laptop configuration, mobile device and application support including Windows operating systems, related software and mobile applications.
- Monitoring and tracking of existing user related issues and take immediate action. Eg: O.S related problems, Applications, Network printers, Fax, Scanner.
- Experience in IP based CCTV system project submission to Ministry of Interior (MOI).

Telecom Specialist. (Oil&Gas) , Aug 2009 – Jan 2010, Sep 2011 – Mar 2013

● **Bahwan Projects & Telecom LLC (Suhail Bahwan group), Muscat, Oman.**

- Project Planning, implementation, Preparation of BOQ for the procurement of Telecom Systems.
- Fiber Optic data Networking, OTDR Tracing Information & Optical power meter/Laser sourced activities.
- Physical survey of the project site for the exact cable routing, termination points, and jointing locations as per the PDO Specification.
- Discussing the work progress status with Client and PDO.
- Ensuring the work to be carrying out in site as per PDO standards.
- Discussing the work progress & work plan with the vendor focal point in site & with PDO authorities.
- Coordinating in Outdoor & Indoor CCTV camera installation for Steam Plant.

Network Engineer, Jul 2010 – Aug 2011

● **Cygnus Networks & Technologies , India and Eritrea, Africa**

- Project Planning, Implementation, Supervising.
- Physical survey of the project site for the exact cable routing, termination points and jointing locations.
- Fiber Optic Data Networking, Optical power meter/Laser sourced activities,
- Preparing the power meter loss test report and OTDR trace information.

Technical Support Engineer , Aug 2006 – Feb 2009

● **Air-Link, Kolkata, India**

- IBS(In-Building solution) Planning according to coverage & capacity requirement, preparing link budget & BOQ, Walk Test according with the help of Terms Investigation.
- Installation includes fixing the outdoor and indoor antennas, locating and tuning the repeater and interconnecting antennas to repeater through R.F corrugated cables.
- Optical Fiber Splicing, OTDR Tracing & Testing. Optical power meter/Laser sourced activities.
- Handling all the day-to-day technical issues with Clients technical team.

- Honeywell -Video systems
- Belden - Copper and Fiber System
- Belden - IBDN Copper and Fiber Installation
- Network Optix VMS Training
- Shure -Axient Digital System Training
- Audinate Dante Certification Level 1
- Barco Certified Technical Expert – Clickshare
- Prima Access control system- Design Training
- Ganz CCTV –Design Training
- AMX Designer (Video and Control) - Level 1

Applications

Microsoft Office Suite, Microsoft Teams, VMware, GNS3, PuTTY, Packet Tracer, TeamViewer, AnyDesk, Photoshop

Projects Completed

- Emirates Red Crescent HQ - Abu Dhabi (SCS , ACS , CCTV , DS , RMS , SMATV , Data Center , Active Components , Gate Barrier)
- DANAT Tower - Abu Dhabi (ACS , SCS , CCTV , VIS , SMATV , Gate Barrier)
- ADNEC Tower - Abu Dhabi (ACS , SCS , CCTV , SMATV , Gate Barrier)
- Emirates Red Crescent Commercial Mixed Used Building - Khalifa City (ACS , SCS , CCTV , Gate Barrier)

Core Competencies

- *Ability to work under pressure.*
- *Ability of working in-group.*
- *Excellent communication skills.*
- *An ability to learn quickly.*
- *Offering technical support on-site or via phone or email.*

Certificates

CCNP Enterprise Cisco	08-03-2021 - 08-03-2024
CCNA Routing & Switching Cisco	25-11-2019 - 25-11-2022

Training

Trainee	25-08-2016 - 25-02-2017
---------	-------------------------

Global Tec

Nablus , Palestine.

- *IT Technical support & Networking*

Trainee	10-02-2016 - for a period of 60 hours
---------	---------------------------------------

Northern Electricity Distribution Company (NEDCO)

Nablus , Palestine.

- *IT Technical support & Networking*

Volunteer	18-10-2015 - for a period of 50 hours
-----------	---------------------------------------

Al-Quds Open University

Nablus , Palestine.

Volunteering in an administrative and accounting business, in the deportation of push notifications to the system, and archiving the papers pertaining to the department.

Hardware/Software

- *Troubleshooting.*
- *Technical Support.*
- *Configuring computer network.*
- *Cisco Configuration.*
- *Setting up computer security measures.*
- *Programmable modem & access point*
- *Phone and tablet software.*
- *Discovering gaps for websites.*
- *Systems analysis and design.*

Courses

Some courses which are related to my field of study:

- **CCNP Enterprise**

In "Khwarizmi Training Solutions"

for a period 60 credit hours.

- **CCNA Routing & Switching**

In "Khwarizmi Training Solutions"

for a period 40 credit hours.

- **Arduino**

In "Al-Quds Open University"

for a period 25 credit hours.

- **International Computer Driving License (ICDL)**

In "DARNA Center"

for a period 25 credit hours.

Odai Mohamad AlSibai

Email: odai.alsibai42@gmail.com

Mobile: +971509336123

LinkedIn: [linkedin.com/in/odai-alsebai/](https://www.linkedin.com/in/odai-alsebai/)

Profile

- An **Electrical Engineer** with **Bachelor's** Degree in Electrical Power Engineer.
- 2 Years of Experience.

Personal Information

- Marital Status: Engaged.
- Nationality: **Arabic** Syrian.
- Data of Birth: 1-jan-1996.
- **Visa Status:** **Dubai** Transferrable Residence Visa with NOC.
- **I have Valid Emirates Driving License.**

Areas of Expertise

- Construction.
- Supervision of sites.
- Facilities Management.
- Drawings and Diagrams.
- Design and Installation.
- MEP Electrical Engineer.
- ELV System.
- Solar Energy System.
- Electrical Maintenance Operations.
- Fire Alarm Systems.
- Air Conditioner Maintenance.
- Selling Electrical Parts (transformers, circuit breakers, inverters, cables, regulators, cameras,).

Working History

Technical Supports

Freelancer , Abu Dhabi , UAE

Jan-2022-Present

- Maintenance, Troubleshooting and Problem Solving.
- Development and Implementation.
- Consulting and Solution.
- Remote Assistant and Support.

Electrical Engineer

Eagle Eye Smart System , Abu Dhabi , UAE Jan-2020 to Jan-2022

- Study and Implementation of CCTV Systems.
- Install intercom , access door and internet signal booster Systems.
- Design and implementation of smart house systems.
- Study and implementation of loudspeaker systems (mosques, villas,).

Electrical Department Manager

AlFaisal Factory for production of diapers , Syria Jan-2018 to Nov-2019

- Installation of Cable trays and installation of power cables of Many Sizes to run different production machines.
- Assembly and programming of baby diapers Machine production.
- Assembly and programming of female sanitary napkins Machine production.

Head of Electrical Maintenance

the Brick Factory Jan-2017 to Dec-2017

- Electrical Maintenance Team to complete the operation and periodic maintenance work.

Personal Business Manager

Odai Engineering Consultancy Five-year term

- Designing and installing of panels (Cranes , iron shears , PF , ATS).
- Implementing and designing electrical decoration projects.
- Study and implementation of electrical plans for civil and industrial facilities.
- Study and implementation of solar energy projects.

Languages

- Arabic : Mother Tongue.
- English : Fluent.

key skills achievement and competencies

- Microsoft Office.
- Experience in several programs : (AutoCAD, Automation Studio, Eplan Electrical, Citect Scada, MATLAB, Photoshop, VMware WorkStation, Zileo, Allen Bradley, Siemens & Tia portal).
- Led A team work that consists of 40 Employees in Syria.
- Creative technical support experience.
- Communication, analytical and interpersonal skills.
- Adaptability and work under pressure.

Personal Information's:

Name: HATEM YACOUB HASAN ABDALJALEEL

Marital Status: Single

Birth Date: 26\11\1988

Nationality: Jordanian

Email: hatem.yakop@yahoo.com

Work Experience:

1 : SR Project Manager

****EMISSION Trading LLC "UAE" Abu Dhabi**

From 01/07/2019 To Present

Duties:

- Prepares project reports, project status and review of the projects.
- Ensures compliance with company's quality policies and procedures for all activities.
- Ensure the approval of sample materials and availability of manpower as per the site requirement.
- Provide guidance & advice to supervisors & site engineers regarding the modification & variation works.
- Clarify the design/technical queries of design engineers, site engineers and supervisors.
- Coordination with other electrical and mechanical services.
- Verify prepared billing requests (monthly) and variation orders.
- Managing the ELV and Security systems subcontractor teams in the testing, commissioning and handing over of the projects.

2: ELV Engineer

****Arabian Vision L.L.C “UAE” Abu Dhabi**

From 16/11/2016 To 1/07/2019

Duties:

- Prepares project reports, project status and review of the projects.
- Ensures compliance with company's quality policies and procedures for all activities.
- Ensure the approval of sample materials and availability of manpower as per the site requirement.
- Provide guidance & advice to supervisors & site engineers regarding the modification & variation works.
- Clarify the design/technical queries of design engineers, site engineers and supervisors.
- Coordination with other electrical and mechanical services.
- Verify prepared billing requests (monthly) and variation orders.
- Managing the ELV and Security systems subcontractor teams in the testing, commissioning and handing over of the projects.

3 : Project engineer

****PROMAX computer systems L.L.C “UAE” Abu Dhabi**

From 15/12/2015 to 16/11/2016

Duties:

- Meeting the clients and understanding the requirements
 - Inspecting the site and estimating the material and manpower

 - Supporting sales team to prepare the Quotation
 - Follow up and continuous discussions for the project commencement
 - Planning, designing and implementation of CCTV Networks,
 - Planning daily targets to complete the site within agreed time.
 - Man power management to get best output
 - Regular checking and inspection to ensure the quality level in completed task
 - Upon site completion to getting the “Work completion Certificate” as per company procedure.
- Handled Projects

4 : Field Operations Supervisor

****Paltel Group (Palestinian Telecommunication Company)**

From 09/05/2011 to 30/11/2015

Duties:

- Fitted single- and multi-line fiber optic cables in commercial structures.
- Before installation confirmed fiber consistency with modern testing tools.
- Designed and supervised projects.
- Conducted evaluations of products and resolved issues.
- Collaborated with senior technicians in the setup of systems.
- Used appropriate software to prepare reports and sketched cable location maps.
- Conducted point wise testing of cable systems.

Personal Skills:

Knowledge of IP and analogue CCTV System - Link ware fluke testing – Access control configurations – Intercom systems.

Knowledge of Network Storage System and its configuration

Knowledgeable with the use of Microsoft Office applications (MS Word, MS Excel, MS PowerPoint, MS Outlook)

Problem solving - Resolves in-depth queries in a methodical manner independently and with internal and external to find appropriate resolutions, efficiencies and high level of quality.

Team Player - Enjoys sharing knowledge and encouraging development of others to achieve specific team goals.

Planning and organizing - Refined planning and organizational skills that balance work, team support and ad-hoc responsibilities in a timely and professional manner.

TRAININGS

- Certificate of Technical Training Access control system IDTEK Middle east
- Certificate of Technical Training Access Automation FAAC Middle East.
- Certificate of Technical Training Digi fort IP Surveillance software enterprise.
- Certificate of Technical Training Mobotix Advanced lab.

- Certificate of Technical Training Attendee from promise Technology.
- Certificate of Training Attendee in net scout Wi-Fi fundamental's and air check G2.
- Certificate of Technical Training CCTV CBC GANZ UK.
- Certificate of Technical Training CCTV PELCO by Schneider Electric.
- Certificate of Technical Training BOSE sound system.

Projects worked in :

***M- Tower** – reem island Abu Dhabi UAE (SCS- CCTV – Access control – home security – Gate barriers – Digital signage – intercom system)

***Yasmena residential buildings** – reem island Abu Dhabi UAE (Home security – CCTV)

***Board walk residential buildings** reem island Abu Dhabi UAE (Home security – CCTV)

***104 residential building** rawdat Abu Dhabi (Home security – CCTV)

***105 residential building** rawdat Abu Dhabi (Home security – CCTV)

***C98 residential building** rawdat Abu Dhabi (SCS- CCTV – Access control – home security – Gate barriers – Digital signage – intercom system)

***Sky tower**_ reem island Abu Dhabi UAE (SCS- CCTV – Access control – home security)

***ADNEC** capital Centre, Abu Dhabi residential \commercial Tower (SCS-CCTV-GB)

***Al Mansouri** residential building Abu Dhabi AL Mafraq (SCS- CCTV – Access control – home security – Gate barriers – Digital signage – WI-FI - intercom)

***AlBabten Leblanc** Telecommunication towers Offices in Abu Dhabi and Dubai (ACS)

***ADCI Headquarter** Albarsha DUBAI (SCS- CCTV – Access control – home security – Gate barriers– Digital signage – WI-FI- Bollard System- Data Center- ANPR System- Sound System)

***TURNER- CNN Channel** Offices Dubai Media City (SCS- CCTV- WIFI - AV)

***Department of transportation** in Zayed City western region (SCS- CCTV – Access control)

***Dar Alshifa hospital** Abu Dhabi (CCTV – Access control)

***Retired Military HQ** Abu Dhabi (SCS- CCTV – Access control – Time Attendance -Master Clock System- Sound System)

Patchi Shops in Abu Dhabi Dubai- Sharjah – Ras Al-Khaimah- Ajman (SCS- CCTV –Time Attendance - Sound System)

Emirates Calcium carbonate Factory Abu Dhabi KIZAD (SCS- CCTV – Access control)

. And some other small projects (villas- mosques- small residential buildings -and factories)

Muneeb Akhtar

Position: Draughtsman
Experience: 5 years
Education Qualification: Diploma Holder
Contact: +971-543391876
Current Location: DUBAI, UAE
Email: muneebakhtar370@gmail.com

Summary of Career:

Experienced AutoCAD Draughtsman with a 5 years of demonstrated history of working in Security Systems, ICT & Extra Low Voltage (ELV) and Information Technology Industry. Skilled in Drafting, Design, Estimation & Site Supervision with a 03 years Diploma of Associate Engineer from Government Polytechnic Collage Haripur, Pakistan.

Academic Qualification

Exam	School/ Collage	Board / University	Year of Passing
Auto CAD Course.	Cad Centre Haripur KPK Pakistan.	Cad Centre Haripur KPK Pakistan.	2017
03 Years Diploma of Civil Engineering.	Government Polytechnic Institute Sarai- Saleh, Haripur, Pakistan.	Board of Peshawar, KPK, Pakistan.	2017
Matriculation.	The Lexicon School & Collage Haripur.	Board of Intermediate and Secondary Education Abbottabad, Pakistan.	2014

Personal Details: -

Father's Name: Khurshid Akhtar
Date of Birth: 19/11/1998
Gender: Male.
Marital Status: Single.
Language Known English, Hindi, Urdu.
Nationality: Pakistani.
Hobbies: Reading Books, Cricket & Snooker.
Address: Electra Street Abu Dhabi.

Passport Details: -

Passport no: PQ1348711
Date of Issue: 04/10/2017
Date of Expiry: 03/10/2022

Work Profile

AUTOCAD DRAUGHTSMAN

BOHRA IT SOLUTIONS AND COMPUTER TRADING LLC - Dubai

(Nov -2019 to April 2022)

AUTOCAD DRAUGHTSMAN/ESTIMATION MANAGER ASSISTANT

EMISSION TRADING COMPUTERS & ACCESSORIES LLC - AUH

(April -2022 to till now)

- Meet with the Master project manager to agree on mobilization and coordination activities: weekly meetings, on-site offices, storage area, communication, personal protective equipment
- Preparation of Pre qualifications for ELV systems.
- Quantity take off from the tender drawings to prepare a B.O.Q.
- Preparation of SIRA /ADMCC Approval drawings and designing IDF as per the project requirement and making.
- Preparation of shop drawings as per the requirement and Preparing of As-Built drawings.
- Experience ELV / Security systems and detailing by AutoCAD software.
- Designing of schematic drawing and single line diagram drawings, Preparation of external routing & civil work drawings.
- Responsible for attending the meeting with Consultant, Contractors as part of project.
- To receive instructions from site and resolve design issues.
- Ability to prepare electrical shop drawings and technical Schematic diagrams.
- To prepare the quotation for different kinds of ELV Systems.
- To evaluate quotations received ensure compliance with specifications and project requirement.
- Check that final technical drafts include relevant information in an easy-to-read format, and verify that calculations, measurements and units are accurate based on initial design information from engineers.
- Visiting site for taking the dimensions of all system to prepare the shop drawings and service rooms drawings for approval.
- Coordinated with engineers to develop engineering change notices.
- Designing of IDF coordination & elevation drawings, Preparing Equipment installation detail drawings (2D&3D).

Subject: SHOP DRAWINGS – STRUCTURE CABLING SYSTEM

Dear Sir,

With reference to the above mentioned subject, & based on consultant comments dated on 11-03-2019, Rev: C172-DT-0295, kindly find below our response for his comments:

No	Consultant Comments	Emission Response
1	12U cabinets in GF & Typical floors telephone rooms to be changed to 19U. Revise the layout & schematic diagram.	Noted & Complied. Since there is no 19U cabinet in the market we put 18U cabinet.
2	Specify the labels for each Telephone & Data Points . Provide additional 2nos data points in control room as future provision.	Noted & Complied. Regarding the control room already it have enough & extra data points and no need to add more. - <i>Noted</i>
3	12U cabinets at 20 th to 25 th floor flats to be shifted to 20cm thick wall wherever applicable.	Noted & Complied .its shown at the Elevation details of ONU cabinets in the drawings & the layout drawings to indicate the locations of ONU cabinets only.
4	Reflect the dedicated clean earth pits for telecom & GSM services in layout & schematic diagram according to approved earthing layout drawings.	Noted & Complied. Earthing System MEP scope.
5	Provide installation details for 12U , 19U & 42U cabinets reflecting the rout , sizes , numbers , and type of associated containments.	Noted & Complied.
6	Coordinate with GSM system services requirements. GSM layout to be submitted separately for approval.	Noted. the GSM system not our scope. Its Etisalat & DU scope , they only make a design for it. From our side we provide them only Fiber cables from each GSM room to Main Tele. room.
7	Final location of telecom points are subject to approved coordination /final fix layout drawings.	Noted .

The First Party:

Messrs. Abu Dhabi Chamber of Commerce and Industry

Based in Abu Dhabi (P.O. Box 662)

Represented for purposes of signing this Contract By the Director-General

His Excellency Mr. Mohamed Helal Al Mheiri;

From the Chairman of the Abu Dhabi Chamber.

The Second Party:

Messrs. Arabian Vision Information Systems

Based in Abu Dhabi (P. O. Box 44822)

Represented for purposes of signing this Contract by

Mr. Abdulrahman ishtaiwi

By an authorized legal document

Introduction / Subject Matter

Whereas the First Party desires to purchase, install and equip the meeting visual system at the meeting room of the Chamber's main building \ Abu Dhabi ; And whereas the Second Party has declared itself in its capacity as an entity specialized in this field, and it has the knowledge, pre-qualifications and experience, technical capabilities besides well-trained human resources capable of executing the First Party's requirements and prerequisites; and after the Second Party has reviewed the First Party's requirements, terms and conditions, along with the specifications of the required works, the Second Party has submitted its proposal dated 06/10/2020 and amended on 10/11/2020 which has been accepted and approved by the First Party, **Therefore, Both Parties have mutually agreed on the following:**

1. Terms and Conditions in this contract
2. Tender Documents;

عقد توريد وتركيب وتجهيز نظام الاجتماعات المرئي بقاعة الاجتماعات رقم (646)

حُرِّرَ هذا العقد في إمارة أبو ظبي بين كلاً من:

الطرف الأول:

السادة/ غرفة تجارة وصناعة أبو ظبي

عنوانه أبو ظبي (ص.ب رقم: 662)

ويمثله في التوقيع على هذا العقد

سعادة/ محمد هلال المهيري

بصفته : المدير العام

بموجب وكالة من رئيس مجلس إدارة الغرفة

الطرف الثاني:

السادة/ الرؤية العربية لنظم المعلومات

عنوانه أبو ظبي (ص.ب رقم : 44822)

ويمثله في التوقيع على هذا العقد

السيد/ عبدالرحمن محمد اشتوي

بموجب وثيقة قانونية معتمدة

المقدمة / الموضوع

لما كان الطرف الأول يرغب في شراء وتركيب وتجهيز نظام الاجتماعات المرئي بقاعة الاجتماعات بالمبنى الرئيسي / أبو ظبي

ولما كان الطرف الثاني قد أعلن بأنه جهة متخصصة في هذا المجال ويمتلك المعرفة والخبرة السابقة والقدرات الفنية والتقنية والملائمة، ولديه من الكوادر البشرية المدربة القادرة على تنفيذ متطلبات وشروط الطرف الأول، وبعد اطلاعه على متطلبات وشروط الطرف الأول ومواصفات الأعمال المطلوبة، تقدم بعرضه المؤرخ في 2020/10/06 والمعدل بتاريخ 2020/11/10 والذي لقي قبول الطرف الأول وفقاً لشروط هذا العقد.

لذا فقد تم الاتفاق بين الطرفين على ما يلي:

1. الشروط الواردة في هذا العقد.
2. وثائق ومستندات المناقصة.
3. المستندات المقدمة من الطرف الثاني والشاملة للعرض المقدم بتاريخ 2020/10/06 والمعدل بتاريخ 2020/11/10

الطرف الثاني
Second Party

SITE MEMORANDUM NO. 080

29/12/2021

Addressed To : M/s ALBA-TEC CONSTRUCTION & DEVELOPMENT L.L.C
Project : EMBASSY OF THE STATE OF KUWAIT – ABU DHABI
LOCATED AT PLOT: 50, SECTOR W59-02 - ABU DHABI, UAE
Subject : Material Submittal – CCTV System, IP CCTV Video Management System
& IP CCTV Storage Unit Rack

Dear Sirs,

Reference to the above mentioned subject, and your letter ref. (ALB-W5902-50-AEC-MAS-L21-00054 REV.00) received 21/12/2021.

Please find attached a copy of submittal ref. (ALB-W5902-50-MAS-EW-00011 Rev.00) of Material submittal for CCTV System, IP CCTV Video Management System & IP CCTV Storage Unit Rack which is **Approved As Noted (CODE B)** as per comments mentioned on the attached submittal form and comments sheet.

The above is for your information, record and further action.

Yours faithfully,

Eng. Emad Abbas
Projects Manager

Received: 29/12/21

SUBJECT: CCTV System, IP CCTV Video Mngt. & IP CCTV Storage Unit Rack(Samsung – Korea)

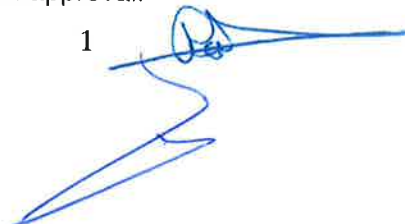

MANUFACTURER: Hanwha

STATUS: CODE - B

ENGINEER'S COMMENTS

1. In principle NO OBJECTION for the proposed material (Samsung/ Hanwa) brand and origin.
2. Original material catalog shall be submitted.
3. Submit schematic diagram and layout shop drawings showing locations of devices and installation details with devices model. Nos.
4. Provide the VMS hardware with latest market specifications required for the system.
5. Country of origin certificate and bill of lading to be provided along with material delivery documents.
6. Warranty certificate shall start from T.O.C.
7. Obtain MCC approval for shop drawings.
8. Necessary integration to be provided with MCC network if required
9. Spare parts list shall be submitted on the due time as per projects' specifications.
10. Submit method statement SAT procedure and format for review and approval.
11. Follow MCC /authority regulations and requirements.
12. Subjected to MCC approval for cameras type and related locations.
13. Subjected to MCC approval for shop drawings.
14. Coordinate with BMS and access control system as per projects' specifications and requirements.
15. This approval does not relieve the contractor/ sub-contractor from his obligations against project's specifications and requirements
16. Warranty for system shall include all system components.
17. Approval subjected to comply with above-mentioned comments.
18. Provide sample board for review and approval.

QHSE POLICY.

Quality, Health, Safety and Environment (QHSE) Policy of Emission Trading Computers and Accessories LLC.

Our Principles

- We conduct our businesses with respect and care for the environment and without compromising the health and safety of people, whether employees, customers or citizens around the world.
- We continuously improve our business processes while meeting or exceeding legal or regulatory requirements and appropriate international standards.
- We provide high quality products and services to make our customers successful and add value to our business.
- We provide an environment for open and transparent communication of QHSE matters.
- We recognize that the skills and involvement of our employees are essential for understanding and fulfilling the needs of our company and customers.
- We provide the necessary resources to achieve our vision.

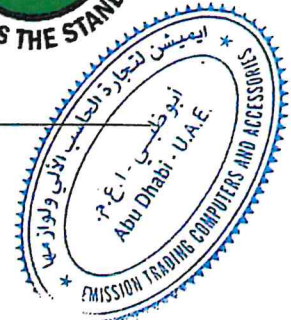

Our Commitment

In order to follow these principles Emission Trading Computers and Accessories LLC. will:

- Integrate QHSE into the business strategies and processes.
- Manage QHSE effectively by developing, implementing and maintaining a best practice, process oriented, integrated management system.
- Assess and manage the QHSE risks of the business throughout product life cycle and the environmental impacts from past practices.
- Measure QHSE performance and develop annual and long term QHSE objectives to achieve continuous, sustainable improvement.
- Verify compliance with internal and external requirements through audits and strive for compliance with international standards such as ISO 9001, ISO 14001 or OHSAS 18001.
- Address QHSE issues and their impact on practices, processes and products to align our business with public and customer expectations.
- Promote QHSE awareness and enhance confidence of internal and external stakeholders in our business by informing, consulting, training and advising.
- Hold every employee accountable for their commitment to our principles.
